Catalyst Weekender

By incorporating an extra-wide cabin superstructure, the Catalyst becomes a high-speed, luxury weekender. The cabin and cockpit layouts are fully customisable and can be tailored to individual requirements.

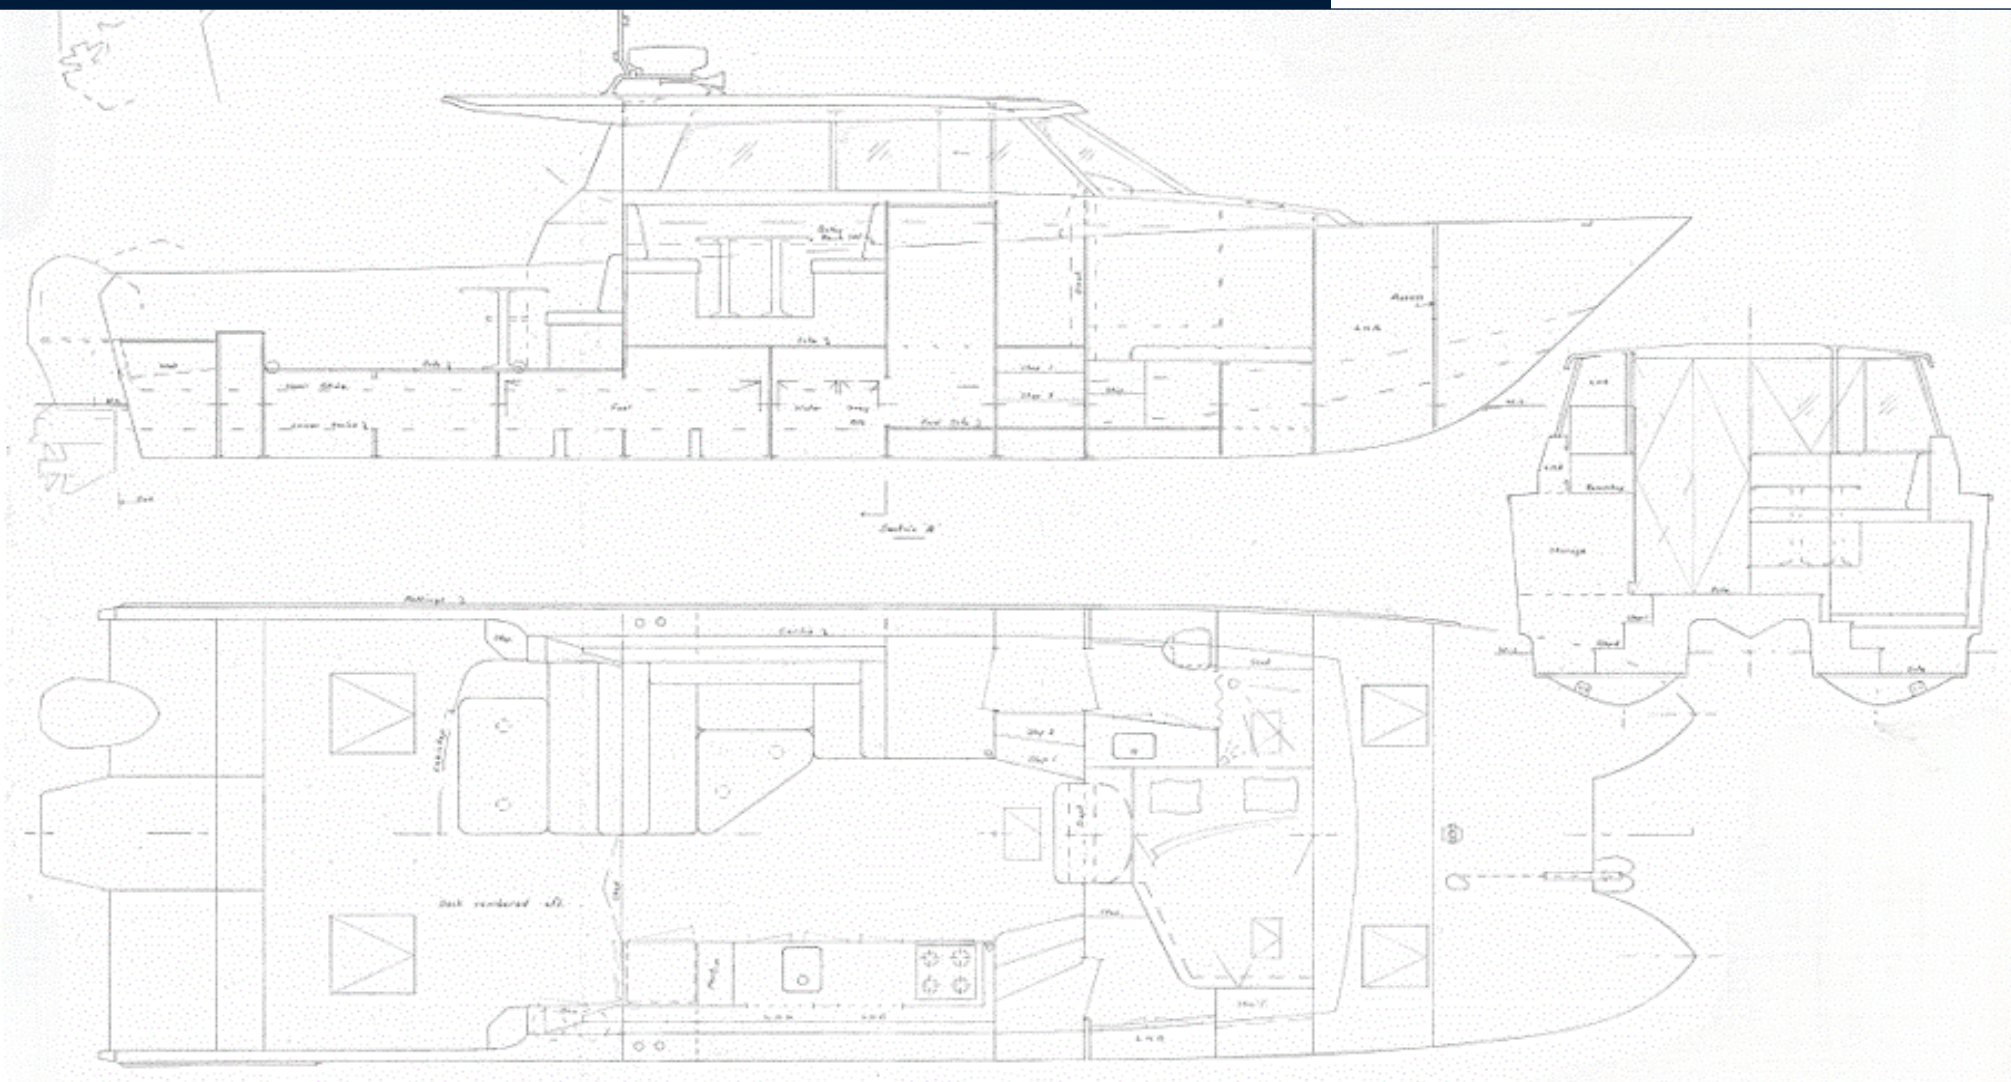

- Full galley
- Master cabin
- 2 x separate single births
- Head
- Shower

* Concept shown without inflatable tube at gunwales – these can be included if required

General arrangement

Layout customisable to individual requirements

Propulsion options

- Twin or quad outboard motors up to 600hp* each
- Twin inboard diesel engines
- Waterjet propulsion is also an option

* Minimum hull length 15.2m (50ft)

Bow beach landing/swim stairs

- Stairs retract into the foredeck and are enclosed by flush-mounted hatches, giving a clean and unobstructed foredeck.
- FRP construction with carbon reinforcing in key structural areas.
- Manual deployment and recovery – optional electronic functionality if preferred.

Companionway to master cabin & quarter berth

- Master cabin is forward – left side of this photo
- Starboard quarter berth is aft - right side of this photo
- Companionway to port quarter berth and the head is opposite.

Master cabin

- Design and style customised to the owner's individual requirements

Starboard quarter berth

- Starboard quarter berth with storage under – view is looking aft.

Head & port quarter berth

- The head and 2nd quarter berth are in the port hull
- Head includes a full-height shower
- View is looking aft

Foredeck sun lounge

- All details of the sun lounge are customisable including extending further forward into the bow area.

Fold down topside swim platforms

- The port and starboard topsides can be lowered to widen the cockpit, creating a large entertaining or water sports activity area

Helm

- Full suite of electronics tailored to the owner's requirements

Enclosed cabin option

- Saloon & galley can be fully enclosed if desired.

Full galley

- The galley can be configured to the owner's exact requirements, such as:
 - Domestic, 600mm gas or electric oven and hob.
 - Under-bench, stainless steel fridges and freezer.
 - Engineered stone countertops.
 - Drawer dishwasher
